

END USER LICENSE AGREEMENT

Please read this End User License Agreement carefully before installing, copying or using this Software. By using the Software, you consent to the terms of the License Agreement as set out below.

This End User License Agreement ("EULA") is a legally binding contract between you – the End user – and Group of Companies "Sovremennii Tekhnologii Upravleniya". The subject of this Agreement is Business Studio software (hereinafter referred to as the Software).

The Software including all media, printed materials and electronic documentation is an Intellectual Property and is protected by law (State Registration Certificate of a Computer Program № 2006610871, date of issue February 28, 2006, issued by Russian Federal Service of intellectual property, patents and trademarks).

Group of Companies "Sovremennii Tekhnologii Upravleniya" means Group of Companies "Sovremenniiye Tekhnologii Upravleniya" LLC, registered office: 59 "V" Antonova-Ovseenko str., 1 floor, 443090 Samara, Russian Federation.

UMALOGIC is a trade name of the Group of Companies "Sovremennii Tekhnologii Upravleniya". UMALOGIC stands for "Ultimate Management Logic".

1. SUBJECT OF AGREEMENT

1.1. This License Agreement defines acceptable rules of the Software use by a legal entity or an individual who has a copy of the Software lawfully manufactured and put into civil circulation.

1.2. All conditions stipulated below apply to the Software itself and to its components.

2. EXCLUSIVE RIGHT

2.1. Group of Companies "Sovremennii Tekhnologii Upravleniya" guarantees that it has the right to dispose of the Software (including graphic images, texts, additional programs, and other items of intellectual property constituting an integral part of the Software), as well as the right to exercise absolute control over any copies of the Software and accompanying printed materials. The Software is protected by domestic legislation and international copyright agreements as applicable to the country of purchase.

2.2. The Software contains commercial secrets and other confidential information protected by copyright, international agreements and legislation of the country of use. Using the Software in violation of this License Agreement shall be considered a breach of current copyright legislation and constitutes a sufficient basis for revoking your right to use the Software.

3. TERMS OF USE

3.1. Node-locked License is a fixed license used exclusively on one computer at a time. You are not allowed to install and use the Software on any other computer.

3.2. Floating License should be installed on one server and unlimited number of workstations.

The number of users that may use the Software simultaneously is equal to the number of workstation computers where the Software is installed and limited to the number of Floating Licenses actually purchased.

3.3. "Business Studio Portal. Named User License" is a license assigned to a single named software user that allows this user to use the Software. The total number of users cannot exceed the number of licenses purchased.

3.4. System requirements for computers, workstations and servers are listed at www.umalogic.com.

Group of Companies "Sovremennii Tekhnologii Upravleniya" does not guarantee the operability of the Software in case the specified system requirements are not met.

4. END USER DATABASES

4.1. You have the right to create your own databases for the programs included in the Software package, if such a possibility is provided for by this Software.

5. SOFTWARE DISTRIBUTION

5.1. Distribution of the Software is not allowed. Distribution is defined, inter alia, as: providing third party access to any kind of copies of the Software or its components, including selling, lending, leasing, loaning or gifting.

6. LIMITATIONS

6.1. Mandatory Software Product activation. You agree that the Software is provided with copy protection and maintains software restriction policies.

The non-exclusive rights granted to you may not enter into full force until the Software is activated under the procedure established either in the documentation or at www.umalogic.com or in other public

documents provided by Group of Companies “Sovremennii Tekhnologii Upravleniya”. A unique parameter is created based on the computer configuration data during the activation process. This parameter does not include any personal data, information about software installed on the computer, user preferences or stored data. This parameter identifies the computer solely for activation purposes.

6.2. Virtual machine activation is performed by means of Online licenses. Online license is a license, the use of which is controlled via the Internet. The Online license is granted exclusively for one instance of a virtual machine. Group of Companies “Sovremennii Tekhnologii Upravleniya” has the right to suspend the Online license validity if one Online license is used on several instances of virtual machines.

6.3. In case you need to transfer the Software to another computer, You must send a written notice to Group of Companies “Sovremennii Tekhnologii Upravleniya” stating this transfer is authorized. The written notice should meet the standard established by Group of Companies “Sovremennii Tekhnologii Upravleniya”.

6.4. If the License for the Software Product is purchased by You with any intent to breach Intellectual Property Rights of Group of Companies “Sovremennii Tekhnologii Upravleniya”, especially with the intent to disassemble or decompile the Software, the databases and other Software components, to modify the Software, including any object code changes of programs or their databases (except the changes made by means of the software package and described in the documentation), no licensed right of use shall exist except instances covered by current legislation.

6.4.1. You agree not to grant third parties the right to use the Software.

6.4.2. You agree not to enable the Software use by individuals who do not have the right to use it, including those working in the same network or multi-user system with You.

7. TECHNICAL SUPPORT SERVICES

7.1. Group of Companies “Sovremennii Tekhnologii Upravleniya” may provide you with the Software Technical Support services (Technical Support).

7.2. Technical Support is provided on the terms specified either at www.umalogic.com or in the User Guide, or in electronic documentation, or in other materials supplied by Group of Companies “Sovremennii Tekhnologii Upravleniya”. Any software supplied as part of the Technical Support is considered to be part of the Software and must be used in accordance with the terms of this License Agreement.

7.3. Group of Companies “Sovremennii Tekhnologii Upravleniya” has the right to request information on your equipment specifications, as well as request standard personal data, including your name, company name and TIN (for legal entities), address, telephone number and email address for Technical Support services.

7.4. Group of Companies “Sovremennii Tekhnologii Upravleniya” has the right to use the above information for its business purposes, including (but not limited to) for the Software development and for the purpose of Technical Support on condition that Group of Companies “Sovremennii Tekhnologii Upravleniya” does not use this information in any form that allows You to be identified.

7.5. You have the right to update the Software. This is part of Technical Support and is possible on a computer (server) in case all licenses installed on this computer (server) have active Technical Support on the date of the update release.

8. NOT FOR RESALE VERSIONS
